

Hi Danielle -

Now that you know how to find and share your ZEGO affiliate links, let's talk about the most important part -- how you get paid!

You have the option of getting paid in one of two ways: via Direct Deposit or via check (which is mailed to you via USPS).

Directions on how to configure your method of payment are here for you to follow.

Please note: ZEGO does not have the ability to configure your settings. You **MUST** specify your method of payment in order to receive your affiliate earnings.

I want to get paid via Direct Deposit. How do I set up my financial account information?

1. Log into your ShareASale account settings by clicking [here](#).
2. In the Payment Preference area, select ACH Direct Deposit as shown here and click Submit Changes at the bottom of the screen:

3. Go to the [Payments area](#) and complete the information to securely store your information. The form will look like this:

THIS FORM IS FOR BANKS BASED IN USA

If your bank is located in a different country, please choose it here:

If your country is not listed here, we do not currently offer Direct Deposit to your country.

Your direct deposit will be initiated on the 20th of every month that you are eligible for payment. If the 20th falls on a bank holiday or weekend, the payment will be initiated on the first business day following the holiday.

Setup ACH Direct Deposit: - No Extra Fee

Your information will be sent securely through our servers, and stored outside of the usual Shareasale.com databases, for your protection.

Please turn my Direct-Deposit ON:

Please turn my Direct-Deposit OFF:

If you select to turn Direct-Deposit OFF - your banking information will be deleted from our records.

I want to receive my affiliate earnings via check. How do I request that?

1. Log into your ShareASale account settings by clicking [here](#).
2. In the Payment Preference area, select **Check via Postal Mail** as shown here and click Submit Changes at the bottom of the screen:

How often do I get paid?

The ShareASale system is configured to pay you your affiliate earnings once a month. Payments are made automatically on the twentieth (20th) day of each month when your account balance reaches \$50 or more for the previous months' transactions. If you want to count on a monthly check, aim to get at least one subscription referral purchase each month. A two-box monthly subscription will earn you \$86 in commission. The commissions will be paid out with each monthly shipment (you won't get \$86 at once because the person might cancel later on or their credit card might not work, etc), but if you have enough of these types of recurring purchases, they build a nice, automatic payout base.

note: if your affiliate earnings have not yet reached \$50, ShareASale will hold your money until you've accumulated the minimum amount.

I have affiliate sales and want to see who purchased ZEGO products via my affiliate link. Am able to do this?

We love this question and appreciate you following up your referees. This will increase the likelihood that they will buy through your affiliate link again in the future. And that means more money in your pocket. To learn who purchased using your affiliate links, please go the Activity Details by clicking [here](#).
